למה Garp?

Garp הוא דמות מהסדרה One Piece — אדמירל ותיק, אמין ושמח, שמאמין בדור הבא וסומך עליו לעצב את עתיד חיל הים.

@Garp, how do I add a new interface to the system?

1 reply

Garp14:32

I outlined the standard workflow in a thread.

Implementation steps, review ownership and source documentation are kept together.

How to add an interface

×

Garp14:32

Adding a new system interface

Follow the standard interface workflow:

1Define the contract

Create the schema and request/response models.

2Implement the adapter

Add the interface handler and error mapping.

3Register the interface

Declare routing, ownership and health checks.

4Validate before PR

Run contract tests and the interface E2E suite.
